Architektonic is an award winning Architectural Practice which was established in Melbourne in 1993. Architektonic is a Registered Architectural WFOE with its head office in Nanjing. Since 2004, Architektonic has worked on numerous developments in China including projects in the major cities of Shanghai, Beijing, Nanjing, Shenzhen, Tianjin as well as smaller historical centres like QinHuangDao and famous resort sites like Tianmuhu Lake. All projects have been designed with an emphasis on Sustainability and New Eco Energy Saving concepts. Project building types designed by Architektonic in China include Apartments, Villas, 4 and 5 Star Hotels, Hospital, Elderly Person's Home, Resorts, Office Buildings, Restaurants and Convention Centres. Architektonic has also designed the World's first Eco-AgriCity in Jiangsu and is currently planning the

design of a new World first Eco-Health City. Architektonic has considerable master planning experience throughout China with new ideas for saving water, making electricity and creating whole communities with natural air conditioning and heating. Architektonic's sustainable design concepts achieve apartment sales with higher value than the standard rate. The use of natural sunlight, wind energy and new water saving technology when combined with new Eco architectural design concepts creates ideas which governments approve, developers build and buyers happily purchase, knowing that they will pay less for electricity and live in a healthier building.

Architektonic's experience in China has helped it to create new market opportunities for sustainable design. As specialists in the design of Eco Buildings and

Sustainable Master Planning, Architektonic is able to complete the whole concept design process with expert engineering support in all areas including, natural heating and cooling, water saving and recycling, and energy production and saving. The Architektonic team provides a complete solution to design in China with extensive experience and large capacity. At Architektonic we have learnt much from China and now we want to share what we know about Sustainable and Eco Design for the benefit of Chinese people.

We look forward to humbly working with the Chinese Government and Developers in creating a more sustainable future in China and a new future for all of our children.

阿克唐宁建筑设计有限公司成立于1993年, 是一家屡获奖项的建筑设计公司。阿克唐宁(中国)建筑设计有限公司是一家总部位于南京的外商独资建筑设计企业。自2004年起, 阿克唐宁在中国参与了一系列开发项目, 包括上海、北京、南京、深圳、天津以及秦皇岛、天目湖等历史旅游城市或景点。阿克唐宁所有的项目都把设计重点放在可持续性和新型生态节能概念上。阿克唐宁在中国的设计项目有公寓、别墅、4-5 星级宾馆、医院、老年公寓、度假村、写字楼、酒店、会议中心等。

阿克唐宁还在江苏省设计了世界第一个生态农业城, 并且正在规划设计一个全新的生态健康城。阿克唐宁拥有在中国进行总体规划的丰富经验, 并融合了节水、节能以及利用自然降温和制热的理念。阿克唐宁的可持续设计概念使得其设计的公寓要比一般公寓更具市场价值。阳光、风能及新型节水技术的运用与新型生态建筑设计概念的结合, 使得阿克唐宁设计的房

屋政府容易批准、开发商愿意建造、消费者乐于购买, 人们可以支付更少的电费并且拥有更健康的居住环境。

阿克唐宁在中国的业务经验将为其可持续设计创造更多的市场机会。作为生态建筑设计和可持续性总体规划领域的专家, 阿克唐宁在自然制热与制冷、节水与水循环利用以及发电与节能等方面拥有完全的工程技术支持, 有能力完成整个概念设计过程。阿克唐宁的项目团队经验丰富、能力出众, 可以为客户提供全套设计方案。我们从中国学习到很多东西, 我们也愿意把我们对可持续性生态设计的理解与中国一起分享, 造福中国百姓。

我们期待以谦逊的态度与中国政府和开发商开展合作, 以在中国创造一个更加可持续发展的未来, 以及属于我们所有子孙后代的崭新未来。
